

## **14.020 University Supervision of Construction Program**

- (1) The university shall be responsible for the administration of all projects.
- (2) The University Facilities Office is responsible for liaison with the project architect/engineer for the duration of the project, and shall review all plans for program compliance and ensure that any deviations from the approved building program are corrected; or where significant modifications from the approved program are desired, the University Facilities Office shall be responsible for preparing and obtaining from the president approval of the change. During the design and construction of a project, the university is the enforcing agency for the requirements of codes and statutes.
- (3) The president or designee shall ascertain that all projects comply with all applicable codes and standards. The president or designee shall submit completed construction documents to the State Fire Marshal's Office for review and approval.
- (4) For the use of the Certification and Selection Committee in evaluation of past performance, each architectural or engineering firm under contract shall be evaluated. When completed, a copy of the rating shall be distributed to the rated firm with instructions regarding the appeal process. Any rating may be appealed within 30 days of the rating date by the rated firm. In the event of appeal, the rating shall be reviewed in the manner set forth in Regulation 14.022(2) and (4), for appeals of disqualification of contractors.
